WHO GETS YOUR STUFF WHEN YOU DIE?

Protecting the two most important things in your life: everyone you love and everything you own.

1. Distributing Your Stuff (Choose who will get your stuff and help them keep it!)
2. Handle with Care Stuff (What to do when a beneficiary is disabled.)
3. Stuff Happens (Smart moves if you or your spouse are diagnosed with Alzheimer's or Dementia?)
4. Incapacity Stuff (What if you are out of it?)
5. Healthcare Stuff (Who will make healthcare decisions for you if you can't?)
6. HIPAA Stuff (Know how privacy laws may affect your plan.)
7. Who Needs Benefits? (How to qualify in case you or a family member needs Medicaid or Veterans Benefits later.)
8. Protecting the Stuff After It's Theirs (Make sure your beneficiaries will not lose their legacy to divorce, creditors and lawsuits.)
9. Important Stuff (How to communicate your values to the next generation.)
10. Retirement Stuff (Protect your retirement accounts for your beneficiaries.)
11. Finding Stuff and Organizing Stuff (You know where to look. They won't.)
12. Second Marriage Stuff (How to protect your spouse and your children.)
13. Sentimental Stuff (Save your family from conflict and confusion over the personal property.)
14. Till We Meet Again (Keep your plan current and up to date. Has it been over three years since you met with the attorney who drafted the plan?)
